### **[Bid on a Kid \(900s\)](#)**

This year, SneakerBall is proud to introduce a new support program to our auction called “Bid on a Kid.” This program is made up of six different auction items, one for each separate non-profit organization that operates out of the Greater Washington Sports Collaborative. Every bid placed on an item will sponsor an individual within the organization for a certain period of time.

Each organization has their own unique aspects and goals. This allows you to showcase your individuality and personal preferences while still helping others.

Non-profits put a great deal of energy into helping individuals in need, and rely on your donations to assist them. Consider each “bid” a donation. For these auction items, everyone who bids will “win” and help a child in need.

The beauty of these auction items is that everybody benefits from it. First, your bid will directly fund a portion of a child’s athletic or moral development. That child then gains a valuable opportunity that they may not have had before. Finally, you walk away from the silent auction table with pride, knowing that you not only “won” the auction, but also helped a child in need. In essence, everyone who bids wins this auction!

Each bid corresponds to the amount of resources it would take to sponsor a certain number of children for a specified number of days. All bids are tax-deductible and greatly appreciated. We thank you in advance for your time and consideration.
